Dear Harold –

As I had feared, it has been impossible for me to do any work on your PM ms. Even when I do not bring UN work home to do at night or on weekends, my eyes rebel at still more reading — We get 3 to 4 lbs of documents every morning!

I know that you understand and even anticipated the situation, but I do not want you to be penalized in terms of the costs of the xerox copy of the ms., if it was made expressly for me. If you do not need the copy you sent me, tell me the costs and I will pay for the xeroxing and postage. If you do want the ms. back, let me know. Whatever you decide is OK.

My boss is hovering near my door and I'd better quit, even if this is my lunchtime! As ever,

Sylvia
